## PROFILE

---

Front End Developer with a strong understanding of web and user interface design, having been involved in various website developments. Adept at collaborative work environments and improving user experience.

## PROFESSIONAL EXPERIENCE

---

### Front End Developer

03/2021 – 10/2023 | London, UK

OPNX (formerly CoinFLEX)

- Collaborated closely with marketing and UX designers to ensure seamless integration of design mockups, consistently delivering pixel-perfect and visually appealing interfaces across multiple browsers and devices.
- Implemented and maintained a scalable and modular front-end architecture, optimizing load times and improving overall website performance by 30%.
- Collaborated with back-end developers to integrate RESTful APIs, ensuring seamless data flow between the server and the client-side application.

### Reintegration Officer

03/2017 – 03/2021 | Abuja, Nigeria

OSAPND

- Designed new organizational processes, policies, and workflows.
- Developed and maintained filing systems and records.
- Liaised with senior administrative assistants to handle requests and queries from senior managers.

### Senior WordPress Developer

06/2016 – 12/2016 | London, UK

Amarria

- Led the implementation of a dynamic Content Management System (CMS) for a major client, resulting in a 20% increase in content update efficiency and user satisfaction.
- Implemented and customized WordPress themes, consistent with guidelines and design specifications.
- Optimized websites for usability, SEO and speed.

### Web Developer

08/2015 – 06/2016 | Cambridge, UK

Scrapspost Website Design

- Assisted in the development and maintenance of client websites, focusing on creating responsive and visually appealing user interfaces.
- Wrote light, reusable and well-commented code based on W3C Standards.
- Implemented new responsive and fluid website approach which increased mobile traffic by 23% and performed cross browser tests on websites.
